The Power of CSS and HTML in Web Development

CSS for Style

CSS (Cascading Style Sheets) defines the visual presentation of a web page. It controls elements like colors, fonts, sizes, and layout.

HTML for Structure

HTML (HyperText Markup Language) provides the structure and content of a web page. It defines elements like headings, paragraphs, images, and links.

Combined Power

Together, CSS and HTML enable us to build visually appealing and interactive websites, like Image Explorer.

Features of Image

Image Scanning

Use your smartphone camera to scan images of famous individuals.

Automatic Recognition

Our advanced technology recognizes the person in the image and retrieves relevant information.

Detailed Biographies

Access biographies, career highlights, achievements, and historical significance.

Interactive Timeline

Explore a visual timeline of the individual's life, showcasing key events and milestones.

Scanning Images of Famous Individuals

1

Open Image Explorer

Launch the website on your smartphone or computer.

2

Point Your Camera

Aim your camera at the image of the famous person you want to scan.

3

Tap the Scan Button

Start the scanning process by tapping the "Scan" button.

Biography PowerPoint Presentation

Objective: Create a PowerPoint presentation about a person of significance.

1. Decide whose biography you will do research on. Your person should be someone who has contributed something of importance to society or history and has become famous because of it.

Have this person approved!

2. Create an 8-slide PowerPoint presentation about the person you have chosen to research.

Slide 1: Introduction Slide

Slide 2: Background Information

- Where/when was this person born?
- Childhood

Slide 3: Becoming Famous

- What did this person do for a living?
- What qualities or traits do you believe made this person famous?
- What did this person do to become famous?

Slide 4: Impact on Others

- How has this person made an impact on others' lives?
- In what ways was his/her life remarkable, admirable, or even despicable?
- Was this person a hero? Why or why not?

Slide 5: Decisions/Lessons

- Did this person make any major mistakes or bad decisions?
- What are some important lessons you or any other person might learn from the way this person lived?

Slide 6: Quotes

Retrieving Detailed Information

Name

Detailed information about the person's full name and aliases.

Biography

A comprehensive overview of the person's life story, including early life, career, and accomplishments.

A visual representation of key events, dates, and achievements in the person's life.

Timeline

Links to external websites and resources for further research and exploration.
